

## Why We Recommend Global Knowledge Training

### The Reason in Simple

We're proud to recommend Global Knowledge, the worldwide leader in IT and business training, as our preferred training solutions provider. They've earned a reputation for exceptional education services and for delivering a student experience second to none. Students learn from instructors with real-world experience and a results-oriented approach to instruction.

### You'll Receive Expert Instruction in Business-Critical Areas

Their distinct areas of education span the most sought after IT and business training and certifications. They offer more than 700 course titles.

Business Analysis	Programming
Business Skills	Project Management
Cisco	Red Hat
ITIL®	Security
Microsoft	SonicWALL
Networking and Wireless	Unified Communications
Nortel*	Virtualization
Operating Systems	VMware
Oracle	VoIP and Telephony

*\*Available only in Self-Paced e-Learning*

### You'll Get to Choose the Content that Fits Your Needs

They deliver the exact course content that you need. Whether you require your own content, their proprietary content, authorized vendor content, or any combination, they deliver.

### Your Employees Can Practice on Real Equipment in Custom Labs

They enhance many of their training courses by adding custom labs and exercises to maximize your hands-on training and dramatically improve your learning experience. They utilize more software and hardware platforms, duplicate challenging realworld scenarios, and offer greater depth than most standard training courses. Should your employees really be practicing their skills in your real environment? Let them master techniques in custom labs before setting them loose on your equipment.

### Why Should You Buy Training Now?

- For purchasing convenience...take care of everything at once.
- Bundling training with a hardware, software, or services purchase is a smart and convenient way to ensure your needs are met within your budget.
- Maximize your ROI by pairing training for your personnel with hardware or software purchases.
- To take advantage of training your personnel when, where, and how they need it.
- Increase overall productivity.

### You'll Get to Choose How Your Training is Delivered

#### **Classroom Learning**

Expert instructors, hands-on labs, and superior content provide excellent, results-oriented training in more than 100 classroom locations across North America.

#### **Self-Paced e-Learning**

This option features the same superior content as instructor-led training, with delivery available via CD or the web – when, where, and how you need it.

#### **Virtual Classroom e-Learning**

This delivery option combines the best of Classroom Learning with the best of online learning by featuring live, instructor-led training via the Internet. Live labs use real equipment in real time without the need to travel.

#### **On-Site Learning**

Train a small group or begin a corporate-wide project with the private, On-Site delivery option. Choose from core courses or have a course tailored to meet your specific needs.
